HAROLD KATZ

When Harold Katz first purchased the 76ers in July 1981, he fulfilled the goal of a true sports fanatic. He had been a 76ers fan for many years and he lived and died by the team's successes and failures. As sole owner of the local NBA franchise, his ambition was twofold: first, to win the world championship (which he did in 1982–83), and second, to transform the ball club into a profitable organization (which the club has been for the past three years). Katz has been a great success in private industry. In 1972, he developed a weight-loss program in Willow Grove, PA, which grew into the successful nationwide franchising company known as Nutri/Systems, Inc. He sold his interests in the diet firm two years ago and is currently pursuing other endeavors. His first interest, however, is basketball, and his life-long pursuit of the business grows stronger every day. Katz was born May 5, 1937 and was attending high school when his father passed away. He was given the responsibility of operating the family grocery business, which is where he acquired his first sales and marketing experience. Eventually, he turned to other endeavors to develop his entrepreneurial skills. He worked as a life insurance salesman for several years prior to becoming self-employed in marketing and advertising ventures until he established his weight-loss firm. While involved with these different facets of business, Katz remained a loyal 76ers season ticket holder for many years, hoping someday to own Philadelphia's professional basketball team. As his business life prospered, Katz's dream became reality, and on July 15, 1981 he purchased the 76ers from Eugene Dixon. From that first day, Katz worked relentlessly at obtaining something that eluded the 76ers since 1967: an NBA championship. The championship finally returned during the 1982–83 season as Katz, the team, the city, and its fans basked in the glow of the championship. This was not the result of heedless spending, with a win-at-all-cost attitude. With Katz's sharp business mind, the 76ers' financial outcome has steadily increased, with the team showing a profit for the past three years. Katz, active in numerous charitable and philanthropic concerns, resides in Huntingdon Valley, PA, with his wife, Peggy, and their children.

JOHN NASH
GENERAL MANAGER

The 76ers' general manager since June 25, 1986, John Nash recently signed a new multi-year contract. Succeeded Pat Williams to become only the fourth general manager in 76ers history. Nash returned to the 76ers on July 28, 1981 as the team's assistant general manager and business manager. Nash has been involved in almost every facet of the club, overseeing marketing, and ticket and group sales, while also being involved in 76ers radio and television broadcasts. With the addition of Gerry Ryan as business manager, Nash is now able to become more involved in the basketball end of the operation. John joined the 76ers following a six-year stint as executive secretary of the Philadelphia Big Five. He is largely responsible for the improvements of this college foundation. John's experience also includes various front office posts with the Flyers, Eagles, Blazers, Spectrum, and Atlantic City Race Course. In his tenure with the ball club, Nash has been employed in the ticket office and as group sales manager in addition to business manager and general manager. John is a graduate of St. Joseph's University. He has six children and resides in Gradyville, PA with his wife, Ann Raley.

GERRY RYAN
BUSINESS MANAGER

Named as the 76ers' business manager on July 31, 1987, Ryan stepped up into this position when former assistant general manager Jack Swope resigned to assume a similar position with the Orlando Magic. Gerry is responsible for the day-to-day business activities of the ball club, including front office and staff, marketing, promotions, and public relations areas. Gerry joined the 76ers' staff in 1980 as ticket manager, a position that he held until his promotion to business manager. Prior to joining the 76ers, Gerry was employed by the Spectrum for five years. He is a graduate of St. Joseph's University, where he majored in business management. Born May 3, 1953, Gerry resides in Havertown with his wife, Jane, and their three children.

JIM LYNAM
HEAD COACH

Born September 15, 1941 at Phila., PA
Height 5'8" Weight 160
High School—West Catholic, Phila., PA
College—St. Joseph's University, Phila., PA

HEAD COACH JIM LYNAM: Became the Philadelphia 76ers ninth head coach on February 8, 1988 (13th in the history of the franchise) when he replaced Matt Guokas. Lynam guided the injury-plagued club to a 16–23 mark for the remainder of the campaign despite losing 45 player games to injury or illness. During that stretch, two players who were starters for at least a portion of the season were on the injured list. The injury factor forced Lynam to use nine different quintets over the final 39 games of the season, never able to utilize the same starting five for more than nine consecutive games. Referring to Lynam as, "a great communicator and motivator," the 76ers gave Lynam a vote of confidence on May 3, 1988 when they extended his contract for three seasons. Lynam joined the 76ers organization on June 17, 1985 when he was named assistant coach, filling the spot vacated when Matt Guokas was elevated to the head coaching position. He directed the 76ers' Princeton Summer League squads in 1985 and 1986. Lynam joined the 76ers with four years of professional coaching experience. He served as an assistant for Jack Ramsay in Portland in 1981–82, and as head coach of the San Diego/Los Angeles Clippers from 1983 to 1985. In his first season with the Clippers, he posted a mark of 30–52, and was replaced the following season, 61 games into that season with a 22–39 record. His college head coaching career covered 10 seasons (158–118 record with a .572 winning percentage). His career included two seasons at Fairfield University (23–29), five seasons at American University (70–61), and three at St. Joseph's University (65–28). Lynam's .699 winning percentage at St. Joseph's is the second best in school history, behind only Jack Ramsay. During his stint with the Hawks, they made two NIT appearances and were Mideast runner-up in the 1981 NCAA Basketball Tournament following a shocking last second upset of top-ranked DePaul. Lynam played three seasons at St. Joseph's under Ramsay and averaged 12.2 ppg. A member of the St. Joseph's and Philadelphia Big Five Halls of Fame, Lynam resides in Media with his wife, Kay, and their three children.

MEDIA INFORMATION

CREDENTIALS: Single game credentials should be requested through the 76ers Public Relations Office at least 24 hours prior to the game. Press and photographic credentials are issued to fully accredited working members of the media and permit the bearer access to the working press areas, locker room, and press lounge. Credentials will be left at the press will call window, which is located in the Spectrum's Executive Entrance, lower level on the JFK Stadium side of the building. Credentials are non-transferable.

PHOTOGRAPHERS: Photo work space is very limited and your cooperation is requested in adhering to the 76ers guidelines. Photographers, still and television, are limited in floor access, to both ends of the court, in front of the press tables. Court ends opposite the press tables are not photo areas. There are also additional photo areas reserved in the press box and throughout the building. Contact the public relations office for more information regarding these areas. Every photographer must have a photo badge to gain court access. Photographers possessing season passes should pick up a daily photo badge in the press room. Photographers requesting passes on a daily basis will have the photo badge left at the press will call window

LOCKER ROOM: In accordance with NBA policy, the 76ers locker room will be open to the media up to 45 minutes prior to the start of the game, and 10 minutes after the game has been completed. Only persons possessing a media credential or guest pass will be admitted to the locker room.

GAME NOTES AND STATISTICS: Game notes will be available in the press room of the Spectrum one hour prior to tip-off. We will make every attempt to get out-of-town writers their notes earlier in the afternoon at their hotel. If you are not staying with the team please give your hotel location to the public relations office to allow prompt routing of notes. Play-by-play, halftime and final boxes will be distributed to all media members.

TELECOPIER AND TELEPHONE SERVICE: The 76ers have a limited number of telephones available to working press members. If you are in need of a line contact the public relations office for more information. There are now telephones on the floor press tables. This will allow a reporter to phone out as well as receive calls before and during a game. Access numbers are available through the public relations office. The 76ers provide complimentary telecopier service. Box scores are dispatched immediately following the game. Please see someone from the public relations staff to make necessary arrangements.

76ERS' RADIO AND TV COVERAGE

TELEVISION

Again this season, the 76ers' television coverage will rank with any team in the league. For the sixth consecutive season, WPHL TV-17 will televise each and every 76er road contest. With the outstanding team of Hubie Brown and Neil Funk handling the color and play-by-play, WPHL has added a new face, that of Joe Pellegrino, to handle the "At The Half" show and post-game report. While WPHL handles the road duties, at the Spectrum, PRISM is the 76ers' broadcast home. PRISM is the Philadelphia-based sports and entertainment regional cable service. PRISM is one of the pioneers in regional cable service in the nation, and the 76ers have been with them for all of their 13 years. Currently, PRISM boasts over 439,000 subscribers throughout the Philadelphia region. PRISM Sports Director Jim Barniak will handle the play-by-play duties, with Hubie Brown serving as the color analyst. Mark Zumoff continues to anchor the halftime report, as well as is post-game star of the game interviews. The 76ers will also make two appearances on WTBS, SuperStation 17, as part of their NBA coverage. Those two game are on December 25 versus the Washington Bullets and February 3 versus the Detroit Pistons.

RADIO

The new Philadelphia radio home of the 76ers, and the flagship station of the Philadelphia 76ers Radio Network, is 610 WIP, Philadelphia Sports Radio. WIP's unique all-sports format should suit 76ers fans very well, and with a signal that reaches from Lancaster to the Jersey shore, 76ers' game action will be available to more fans than ever before. Sixteen other stations from Wildwood to Harrisburg join WIP to offer complete coverage to the entire Delaware Valley. Jon Gurevitch handles broadcasting duties for all games — home and away — while Neil Funk will add color on broadcasts from the Spectrum. In the event of a scheduling conflict with WIP, WDAS-AM 1480 will act as a backup for broadcasts.

NBA'S 20-20 CLUB

Akeem Olajuwon topped the NBA's 20-20 club last year in posting 20 or more points and rebounds in the same game. He did it six times compared to the 11 times Charles Barkley did it in 1986-87. Barkley and Buck Williams each did it four times; Michael Cage, Karl Malone and Roy Tarpley three times; Lafayette Lever and Charles Oakley twice, and Greg Anderson, Larry Bird, Jerome Kersey and Rick Mahorn once each. Thus the 12 players did it 31 times. John Stockton also made the 20-20 club but he did it with points and assists.

BARKLEY'S LEAGUE'S BEST 2-PT. FG SHOOTER 1987-88

Some folks like Pat Riley claim the NBA's field goal percentage is misleading because it combines 2 and 3 pt attempts. So we took the players who attempted 50 or more 3 pt. field goals and subtracted these from their average totals to produce their 2 point field goal average. No. 1 was Charles Barkley with a 63.0 average, the leader by 3.6 points over John Stockton (59.4). All but one of the players had better averages minus the 3 pointers. The exception was Craig Hodges whose average dropped 1.5 without the 3 pointers. The biggest increase was achieved by Danny Young going from 40.8 overall to 47.5 for just 2 pointers.

SIXERS' LEADS AND DEFICITS 1987-88

An analysis of the 76ers log last year shows that there were five games last season when the Sixers never had a lead (12/20 & 1/31 at Boston, 2/26 at Denver, 3/7 vs. LA Lakers and 4/1 at Atlanta). Conversely there were six games in which foes never had a lead (11/6 & 3/18 vs. Indiana, 12/17 at New York, 1/13 vs. New Jersey, 2/3 vs. Golden State and 3/28 vs. Houston). The biggest Sixers lead of the season was 41 pts. (108-67) in the 4th period vs. Boston 12/20. They also had a 29 point lead vs. Milwaukee 3/30 and leads in the twenties on seven other occasions. Conversely, the Sixers worst deficit was 49 pts. (116-67) in the 4th period of a 12/20 game at Boston. They also had a 40 point deficit (112-72) at Indiana 4/16, a 37 pointer (126-89) in the 4th period at Washington 1/24 and two other games with 30 point deficits. The Sixers also had seven other games in which they had disadvantages in the 20 point realm.

POSITION BREAKDOWN OF 1987-1988 PLAYERS

There were 332 players in the NBA last season and by position they broke down to 119 guards, 107 forwards and 52 centers. There also were 21 forward-centers, 18 guard-forwards, 8 center-forwards and 7 forward-guards.

DOUBLE FIGURE SCORING

In the NBA, as anywhere else in the game of basketball, consistency has always been the name of the game. Being able to put double figure points on the board night after night is a great attribute. Four players were able to score double figures in every game they played during the 1987-88 season, paced by Michael Jordan who was 82 of 82 for the second straight year.

ONLY 7 CURRENT COACHES WON COACH OF YEAR LAURELS

Of the current 25 coaches, only seven have won NBA Coach of the Year laurels. Gene Shue won twice in 1968-69 and 1981-82 and Don Nelson in 1982-83 and 1984-85. Frank Layden was honored in 1983-84, Mike Fratello in 1985-86, Mike Schuler in 1986-87, Cotton Fitzsimmons in 1978-79, and Doug Moe in 1987-88. None of them won the NBA titles the year they were selected. The only 3 coaches to win Coach of the Year the same year they won the NBA title were Bill Sharman, Lakers, 1971-72; Red Holzman, New York, 1969-70 and Red Auerbach, Boston, 1964-65.

HISTORY OF NBA POINT DIFFERENTIAL

The chart below shows the history of the point differential for all 24,120 regular season games played in the NBA since its origin in the 1946-47 season. It shows the number of times each point difference (margin of victory) occurred and also what percentage of all games played, ended with that difference, as researched by Dick Pfander of Battle Creek, Michigan. The chart shows at least one game ended in a difference from 1 through 54 and also that a two point difference has occurred the most times (1763). There have been 16 games with point differences in the 50's and 60's including the March 19, 1972 game in which the Los Angeles Lakers beat Golden State 162-99 for the largest margin of victory (63 points) in NBA history. More than one of every four games are decided by four points or less and almost 49 percent of all games end with a margin of eight points or less.

CLUB NICKNAME

The late Walter Stahlberg, of West Collingswood, New Jersey, won a contest to name the club in 1963. The choice of the club's nickname was announced on August 6, 1963. There were almost 500 different suggestions among the entries and Stahlberg was one of several who picked the 76ers. However, his accompanying 25-word explanation was deemed the best by the judges, and he and his wife received an all-expense trip to the West Coast to see the 76ers play San Francisco.

NICKNAMES OF DEFUNCT TEAMS

There have been many novel nicknames of NBA teams. Here are those of defunct teams: Anderson (Ind.) Packers; Chicago Stags, Zephyrs and Packers; Cleveland Rebels; Detroit Falcons; Indianapolis Jets and Olympians; Pittsburgh Ironmen; Providence Steamrollers; Cincinnati and Rochester Royals; Sheboygan (Wis.) Redskins; Toronto Huskies and Waterloo (Iowa) Hawks.

HISTORY OF THE 76ERS

Professional basketball in its modern phase has had two stages in this city. The first section comprised the career of the Warriors between 1946 and 1962 and saw two titles come here — 1947 when the immortal Joe Fulks hit his heights and 1956 in Tom Gola's rookie season.

The Warriors were transferred to San Francisco after the 1961-62 campaign. Irv Kosloff and the late Ike Richman, however, teamed to purchase the Syracuse Nats in the spring of 1963 and bring the franchise here. The team was renamed 76ers and Dolph Schayes was named coach for the 1963-64 season.

Dolph piloted the team for three seasons and in his final year he steered the 76ers to the Eastern Division titled aided by the addition of Wilt Chamberlain who came in January 1965 in a deal with San Francisco. Alex Hannum became the coach in 1966-67 and led the team to a 68-13 record and the NBA title.

Hannum steered the team to its third straight Eastern Division title in 1967-68, and then the Jack Ramsay regime began. Ramsay had been the club's GM during Hannum's two years as coach and when Hannum left after the 1967-68 season, Jack assumed the coaching duties—along with his GM chores. He didn't have Chamberlain who was traded to Los Angeles, but still managed to finish second in the division that year.

Ramsay relinquished the GM role to Don DeJardin just before the start of the 1970-71 season and confined his efforts to coaching for two seasons. For 1972-73 Roy Rubin succeeded Ramsay until the All-Star game break when Kevin Loughery supplanted him. Gene Shue was named coach on June 15, 1973 and started the club's resurgence in the 1973-74 campaign. Pat Williams became the club's GM in August 1974. Fitz Eugene Dixon, Jr. purchased the club from Kosloff in May 1976. Julius Erving was secured on October 21, 1976 and the team won the Atlantic Division title and lost in the NBA finals.

On November 4, 1977, Billy Cunningham replaced Shue as coach and led team to Atlantic Division title and to the Eastern Conference finals. In 1979-80 and 1981-82 Billy piloted the team to the NBA finals and in 1982-83 to the NBA championship. Lou Scheinfeld was appointed president of the club on January 30, 1980, and relinquished duties on June 1, 1981. Harold Katz purchased the club July 9, 1981, the sale was approved on Sept. 21 by the NBA and became final on Sept. 24, 1981. Matt Guokas replaced Cunningham as coach on June 14, 1985. John Nash replaced Pat Williams as GM on June 25, 1986.

TITLE ROUND FAILURES IN FOLLOWING SEASONS

Five NBA teams failed to make the playoffs the year after they were in the championship finals. The 1968-69 Boston team was the only one to win the title and then fail to make the playoffs the following year. The others were St. Louis 1960-61, failing in 1961-62; San Francisco 1963-64, failing in 1964-65 after selling Wilt Chamberlain to the 76ers, Milwaukee 1973-74, failing in 1974-75; and Phoenix 1975-76, failing in 1976-77.

CHAMBERLAIN vs. RUSSELL 1959-1969

Here is the first complete recap ever made of the NBA duels between Wilt Chamberlain and Bill Russell between the 1959-60 and 1968-69 campaigns. The stats show their records when Wilt was with the Philadelphia and San Francisco Warriors, the 76ers, and the Los Angeles Lakers and Russell with Boston. The results show Wilt far ahead in scoring and rebounding.

		Games	Pts.	Rebounds
OVERALL TOTALS	CHAMBERLAIN	145	4229	4112
	RUSSELL	144	2098	3420

GAMES vs. EACH OTHER	Games	Pts.	Avg.	Reb.	Rev. Avg.
Chamberlain	142	4077	28.7	4072	28.7
Russell	142	2060	14.5	3373	23.7

Wilt scored 62 at Boston Jan. 14, 1962 and had six other games in the 50's. Russell had 37 vs Wilt Mar. 5, 1961 and had two other games in the 30's. Wilt had 55 rebounds vs Russell on Nov. 24, 1960 and had six other games in the 40's. Russell's high rebounds were 40 on Feb. 12, 1961 and he had 23 games in the 30's.

A recap of the series shows Boston leading the Phila. Warriors 32-19, San Francisco 21-6, and tied with the 76ers, 28-28. The Celtics trailed the LA Lakers, 7-6.

BLACKMAN CURRENT LEADER WITH NO FOULOUTS

Rolando Blackman has played 552 games and has never fouled out for the leadership of all active NBA players who never have fouled out of a game. Other streaks are Jerry Sichting 538, Randy Wittman 353, Steve Colter 297, Ron Anderson 250, Danny Young 235, Leon Wood 234, Craig Ehlo 211, Pace Mannion 206, John Battle 195, Sam Vincent 175, Jerry Reynolds 175, Michael Adams 163, Jeff Hornacek 162 and Charles Jones (Port.) 158. However, both Colter and Blackman fouled out of a playoff game. Moses Malone has the longest current streaks (885 games) of no foulouts, having 803 consecutive games in the regular sesson, 72 playoffs games, and 10 all-star games since he last fouled out on January 6, 1978. Of course, the league record is held by Wilt Chamberlain who played 1045 regular season games, 160 playoff games and 19 All-Star games (a total of 1224) without a foulout.

FUTURE 76ers DRAFT PICKS

The 76ers are due a 1989 first round pick from the Los Angeles Clippers via Seattle as part of the Hersey Hawkins-Charlie Smith deal. It will be the middle of the three picks (Milwaukee, Seattle, 76ers) that the Sonics own unless the first two picks are lottery picks. Then the Sixers would get the last pick that Seattle owns. In 1989 the Sixers also have two second round picks—their own and Detroit's as part of the Earl Cureton deal. In 1990 the Sixers have their own 2nd plus Detroit's (Cureton), but must give the lesser of the two to Cleveland (World Free).

BARRY OWNS A NOVEL TRIPLE

Rick Barry, current play by play announcer for WTBS, holds the unusual distinction of being the only player to capture scoring titles in the NBA (with San Francisco in 1966-67), ABA (with Oakland in 1968-69) and the NCAA (with the University of Miami in 1964-65).

10 EX-PLAYERS SERVE AS COACHES

Of the NBA's 25 coaches, 10 are former NBA or ABA players (Willis Reed, Wes Unseld, Don Nelson, Larry Brown, Don Chaney, Gene Shue, Pat Riley, Doug Moe, Lenny Wilkens, and Doug Collins. The other 15 were college head or assistant coaches.

SUNDRY RECORDS

The 76ers feat of having seven players averaging double figures is shared by the 1961-62, 1962-63, 1963-64, 1972-73, 1981-82 and 1986-87 teams with other NBA clubs. Atlanta had 8 men in 1974-75, Cleveland in 1981-82, Los Angeles Clippers and New York Knicks in 1985-86 and Houston and Portland in 1986-87 for the NBA record.

JABBAR (NEE ALCINDOR) BEST AT TURNING TEAM AROUND

Since the territorial draft was abolished, the No. 1 draft choices have had varying success in turning teams around. The best was Lew Alcindor (now Kareem Abdul Jabbar) when Milwaukee had a 27-55 record in 1968-69 and then went to 56-26 in Alcindor's first year for a rise of 29. Next best was Elvin Hayes with plus 22. Mychal Thompson has the dubious distinction of being the No. 1 pick to have his team post a worse record, Portland going from 58-24 to 45-37 in his rookie campaign. The only one to win an NBA title was Magic Johnson with a plus 13 in the 1979-80 season.

JORDAN AGAIN TOPS IN OVERALL CONTRIBUTION

To measure a player's overall contribution to his team, someone suggested adding his scoring, rebounding and assist averages and subtracting his turnover average. Under this system for the second straight year, Michael Jordan was the league leader with 43.29 followed by Larry Bird (the winner in 1985-86) 42.53, Charles Barkley 39.56, Karl Malone 38.15, Dominique Wilkins 37.24, Clyde Drexler 36.41, Akeem Olajuwon and Magic Johnson, both at 33.97, Fat Lever 32.54, Alex English 32.11, Mark Aguirre 31.70, Otis Thorpe 31.45, Kevin McHale 31.44, Dale Ellis 30.71, Moses Malone 29.80, Alvin Robertson 29.44, Buck Williams 29.04, Larry Nance 28.94, Terry Cummings 28.75 and Xavier McDaniel 28.55.

NBA PLAYOFF WINNING MARGINS—1946-47 THRU 1987-88

There have been 1607 playoff games played since the NBA's origin in the 1946-47 season. The total point difference of those 1607 games between winner and loser adds up to 16,473 points. That's an average of 10.26 points per game according to Dick Pfander of Battle Creek, Michigan. The chart shows the number of times each point difference has occurred in playoff history. As in regular season games, a two point difference has occurred the most times (122). These totals include 10 special playoff games which were played to break ties in regular season final standings and, thus, determine playoff opponents. Three playoff games have concluded with a margin of 50 or more points, including the March 19, 1956 game in which the Minneapolis Lakers beat the St. Louis Hawks 133-75 for the largest victory margin (58 points) in NBA playoff history.

LOWS SINCE 24-SECOND CLOCK

Since the 24-second clock was introduced into the NBA in 1954-55 season, the lowest scoring regular season game was a 62-57 victory by Boston over Milwaukee on February 27, 1955 at Providence. In this game the floor was atop ice and the moisture came through the boards to make running hazardous. The total of 119 is the low and so are the 57 points by Milwaukee (now the Atlanta Hawks). The lowest scoring playoff game found Ft. Wayne beating Syracuse, 74-71, April 7, 1955 at Indianapolis. The total of 145 points and the 71 by Syracuse are the lows. Buffalo scored 63 vs. Milwaukee Oct. 21, 1972 and Chicago 65 at Phoenix, Mar. 6, 1975; Cleveland 67, Nov. 19, 1977, Dallas 68, Feb. 4, 1981, and Phoenix 68, Mar. 8, 1981, and Indiana 64 at New York, December 10, 1985. The 55 FGA by the 76ers vs. Atlanta on 4/1/88 were lowest since 24-second clock was instituted.

FIELD GOAL ANALYSIS 1987-88

More than 3 out of every 4 NBA games are won by the team making the most field goals. During the 1987-88 season, the team with the most field goals won 688 times and lost only 201 times for a winning percentage of .774, according to records compiled by Dick Pfander of Battle Creek, Michigan. Both teams scored an equal number of field goals on 54 occasions. Dallas, Denver, the LA Lakers and Boston all won over 90% of games in which they outscored their rivals from the field. New York, New Jersey and Golden State had the most trouble. Winning games while being outscored in field goals is very tough, as only the LA Lakers could win over 40% of those games. New Jersey, Chicago and the LA Clippers had the most trouble winning with fewer field goals. Complete figures follow:

FREE THROW ANALYSIS — 1987-88

Making more free throws than your opponent was good for a victory just over 65% of the time in the NBA. According to Dick Pfander of Battle Creek, Michigan, the league wide percentage was a solid .658, as the team with more free throws won 594 times and lost 309 times. Both teams made an equal number of free throws on 47 occasions. Four teams, Seattle, New York, Detroit and Boston were able to win over 80% of games in which they hit more free throws than their opponent. Sacramento, New Jersey and the LA Clippers had the most trouble winning with more free throws. The LA Lakers, Denver and Chicago won most often when making fewer free throws, while New Jersey, Golden State and the 76ers had the most difficulty winning with fewer free throws. DOMINANCE INDEX RATINGS

Many years ago Sports Illustrated Magazine devised a Novel Dominance Index with the idea of showing via points how much a team dominated a season. To secure the figure for each team, the championship team's average margin of victory is divided by the margin of victory of the second best team. In some cases, the team with the best win and loss record didn't have the best margin of victory. All this deals with the regular season action and, naturally, there are many cases where the team with the best regular season record failed to win the playoffs. The best team according to this system is the 1955-56 Warriors which had a 4.3 victory margin against an 0.7 differential for next best Boston. The best margin of victory was 12.3 for Los Angeles in 1971-72.

LENGTH OF NBA's 1987-88 GAMES

This chart shows how long it took to play the league's 943 games in the 1987-88 season. For each team it shows the total minutes of its games, home, away and overall; the length of a game broken down into hours (1:55.9 means 1 hr. 55.9 mins.) and the fastest and slowest games each team played. The chart shows the Lakers and Boston had the fastest games on their home courts (2:03.6), Sacramento the fastest away (2:00.9) and Indiana overall (2:03.9). New York was the slowest team at home (2:13.6), Seattle away (2:14.3) and New York overall (2:13.9) A two overtime game, New York at Boston, was the longest (2:59), while the fastest games of 1:46 were Sacramento at Boston, Denver at Milwaukee, La Clippers at Chicago and Sacramento at Detroit. For the trivia fans adding all the 943 games together would give you a total of 2002 hours and 32 minutes. The league average was 2:07.4 compared to 2:08.1 in 1986-87 (2:07.2 in 1985-86).

ALL-TIME ANALYSIS OF NBA PLAYERS

Since the NBA began in the 1946-47 season, there have been 2091 different players who have appeared in at least one league game. Dick Pfander of Battle Creek, Michigan has done a thorough analysis of their careers. The study turns up some interesting facts. The 2091 players have played a total of 8046 seasons which averages 3.85 years per player. They have played a total of 474,394 games, which averages 226.87 games per career. These players have scored 5,110,642 points which averages 2444.11 points per career. Thus, the average NBA career spans about 3-4/5 seasons, 227 games, and 2444 points. During the 1987-88 season, 332 players performed in the NBA, including 59 rookies playing their first season in the league.

A WILT RECORD THAT STILL STANDS

Everyone is familiar with the league record 100 points that Wilt Chamberlain scored in 1962 versus the Knicks, but it is not as widely known that he also holds the league record for assists (21) by a center. He achieved this figure Feb. 2, 1968 vs. Detroit. Maurice Cheeks equalled that figure to tie Wilt for the club mark on Oct. 30, 1982 vs. the Nets, but of course Cheeks is a guard.

The Boston Celtics had the best percentage in games with 3-point or under final spreads posting a 9-2 (81.8%) mark followed by Portland 8-4 (66.7) — New York and Indiana had the most wins (11) Atlanta played the most games (21) and the Sixers had the worst record (3-11). The LA Lakers were the leaders in games decided by 10 points or more with a 29-9 record. The LA Clippers were the worst at 6-43 and also engaged in the most games (49) in the category.

ASSISTS ANALYSIS—1987-88

Good shots are what it takes to win games in the NBA, and the ability to get the ball to the right player, in the right place, and at the right time can usually result in a good shot. Recording more assists in a game than the other team results in a win more than 7 of every 10 games. Records compiled by Dick Pfander of Battle Creek, Michigan, show that the team with the most assists won 648 times and lost only 241 times for a percentage of .729. There were 54 games in which both teams recorded an equal number of assists. Denver, the LA Lakers and Detroit compiled the best records in this department of play, while the LA Clippers, Sacramento and New Jersey experienced the most trouble. Winning games while recording fewer assists was not an easy task. Dallas and the LA Lakers were the only teams that could win half of those games. New Jersey, the LA Clippers and Golden State had the most trouble winning with fewer assists. Complete figures follow:

REBOUNDING ANALYSIS—1987-88

Rebounding is one of the most important elements of basketball in the NBA where the winning team out-rebounds the loser 2 out of every 3 games. The team with more rebounds won 597 times and lost 309 times for a percentage of .659, according to records compiled by Dick Pfander of Battle Creek, Michigan. There were 37 games in which both teams had an equal number of rebounds. The best percentages belonged to the LA Lakers, Denver and Boston. Golden State, the LA Clippers and New Jersey had the most trouble winning games when securing more rebounds. Winning games while being out-rebounded is difficult to do with only 4 teams (Boston, Denver, Portland and the LA Lakers) able to win over half of those games. Having the most trouble winning when out-rebounded were Golden State, the LA Clippers and Sacramento. Complete records follow:

RODGERS LEADS ASSISTANT COACHES IN SERVICE

An analysis of the longevity rates of assistant coaches from 1972-73 to 1987-88 shows in that 16 year period there have been 499 assistant coaching jobs occupied by 170 different individuals for an average career of 2.9 seasons. The 1972-73 season was the first in which assistant coaches totals reached double figures for the league (14). The previous year there were only 8 as the pre-1970 trend either was no assistant coach or at most one. Nowadays some teams have as many as three. The leader for this period is Jim Rodgers with 15 years before being elevated this year. Other high totals are Jack McMahon and John Killilea 14; Bernie Bickerstaff and Al Bianchi 12; Bill Bertka and Frank Hamblen 11.

BIRD TOPS PLAYER PRODUCTION RATINGS

One of the systems utilized in the NBA to determine a player's worth gives credits and minuses to players in 11 different categories. A player gets 20 points for a field goal, defensive rebound or an assist; 15 points for an offensive rebound, steal or blocked shot, and 10 points for a 3-point field goal or a free throw made. On the other hand he gets minus 20 for a turnover, and minus 10 for either a free throw missed or a field goal missed. You can add the points for each player in the 1987-88 season and rate them three ways—total points, points per game, and points per 1 minute played (minimum 200 minutes). Below are the top 10 in each category and bottom 10 in minutes played.

NBA WINNING MARGINS—1987-88

The average margin of victory has dropped for the first time in four years, according to Dick Pfander of Battle Creek, Michigan. The average was down to 11.07 points during the 1987-88 season, which was a modest decrease from the 11.30 average of the 1986-87 season. The 11.07 average represents the second straight year the average has been above 11.00. The total margin of victory for all 943 regular season games added up to 10,439 points. A 46 point margin was the largest of the year. Nearly ¼ of all games had a margin of 4 points or less and just over ½ had a margin of 9 points or less. There were 35 games, this season, with a margin of 30 or more points, down from 43 last year.

RAMSAY LEADS NBA IN COACHING SERVICE

Jack Ramsay has supplanted Red Auerbach in leading the league in coaching service. He now has 20 complete seasons to edge ahead of Auerbach with 19 9/10 campaigns. Gene Shue, who has coached in 21 different seasons but was twice relieved of his duties during a season, is No. 3 with 19 3/5 campaigns. Other long terms of the 175 mentors in NBA history are Bill Fitch 18, Red Holzman 16 1/4, Cotton Fitzsimmons 14 9/10, Lenny Wilkens 14 3/4, John MacLeod 14 7/10, Kevin Loughery 13 1/3, Al Attles 13 1/10, Alex Hannum 11 1/10, Don Nelson 10 4/5 and John Kundla 10 9/10.

NBA ROOKIE AND MVP LAURELS

Wilt Chamberlain 1959-60 and Wes Unseld 1968-69 are only two players ever to win Rookie of Year and MVP the same season. Kareem Abdul Jabbar, 1969-70 and 1970-71 and Bob Pettit 1954-55 and 1955-56 are the only two to do it in successive seasons.

JORDAN NUMBER ONE IN POINT PRODUCTION IN 1987-88

Someone suggested that the MVP is the one who is responsible for the most points in a game. A player would get 2 points for each assist. Then add all the points he scored to the points for assists and divide the total by the number of games he played to get his average points produced a game. Under this system Michael Jordan dethroned Magic Johnson who had won the previous two years.

WINNING WAYS — 1987-88

As has been the case in previous years, it is most important to get a good start in an NBA game and also to have a strong finish. The team which leads at the end of the first quarter won 66% of the time, according to Dick Pfander of Battle Creek, Michigan. The chart below shows which teams were best and which were not at winning after leading at the end of one period. The LA Lakers, Chicago and Detroit were best at winning games which they were trailing at the end of the first quarter, while New Jersey, the LA Clippers and Golden State had the most trouble coming back after falling behind early. Winning the fourth quarter produced a victory over 63% of the time. The chart below shows those results. The percentage could have been higher but on some occasions the winner had a solid lead entering the final quarter and turned the game over to its bench to finish. That point is illustrated by the fact that the LA Lakers, Milwaukee and Chicago each won 21 or more games in which they lost the final quarter. The playoffs were similar to the regular NBA season. The winning team won the first quarter over 62% of the time and won the fourth quarter over 66% of the time. The last quarter percentage could perhaps have been higher, but on 15 occasions the winner had a solid lead entering the final quarter and coasted. The totals follow:

Regular Season (943 games)	1st Qt.		4th Qt.

Introducing A New Name With Fifty Years Of Caring Behind It.

Independence Blue Cross.

This year, Blue Cross of Greater Philadelphia celebrates its 50th Anniversary. Begun as the Associated Hospital Service of Philadelphia in 1938, Blue Cross has furnished health insurance to, and has cared for, millions of individuals in this region and throughout the country. We mark this occasion not by celebrating the accomplishments of the last 50 years, but by anticipating the challenges of the next 50. We begin by introducing a new name—Independence Blue Cross.

Our new name reflects our commitment to the entire region and symbolizes the central characteristics of the new products and services which have been developed by Blue Cross of Greater Philadelphia—independence and freedom of choice. This spirit of independence will characterize the expanding array of new products and services which will be offered by Independence Blue Cross and its family of companies.

The change of name will occur gradually. Printed material will continue to carry the name Blue Cross of Greater Philadelphia until current supplies are exhausted. Identification cards will be slowly replaced over the next year or two. Naturally, current I.D. cards will continue to be honored until replaced.

The next 50 years will bring new challenges for Independence Blue Cross. But our traditional values remain unchanged—Managing Health with Care.℠
